An updated summary outlining JDCC's plans for using our allocation of the education stabilization dollars follows:

JDCC's allocation is \$318,232. We plan to use this money for salaries and benefits. It will save three (3) faculty positions and two (2) staff positions for a total of five (5) positions for fiscal years 2009-2010 and 2010-2011.

JDCC has not applied for and does not plan to apply for American Recovery and Reinvestment Act (ARRA) competitive grants. I will notify you if additional grant opportunities that we wish to pursue become available.

The person at Jefferson Davis Community College who will be responsible for tracking stabilization dollars is Marie Heaton, Director of Finance (ARRA Compliance Officer).
