It is the official policy of the Alabama Community College System and Coastal Alabama Community College that no person shall, on the grounds of race, color, disability, gender, religion, creed, national origin, or age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination or harassment under any program, activity, or employment.

Coastal Alabama Community College is a result of the consolidation of Faulkner State Community College, Alabama Southern Community College and Jefferson Davis Community College. On December 6, 2016, the Southern Association of Colleges and Schools Commission on Colleges voted to approve the consolidation and acknowledge the institution's intent to seek accreditation. Each of the former institutions was accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) (1866 Southern Lane, Decatur, Georgia, 30033, Telephone number 404-679-4501) to award Associate in Arts, Associate in Science, and Associate in Applied Science Degrees and Certificates. The three-fold purpose for publishing the Commission's access and contact number is to enable interested constituents (1) to learn about the accreditation status of the institution, (2) to file a third-party comment at the time of the institution's decennial review, or (3) to file a complaint against the institution for alleged non-compliance with a standard or requirement. The accreditation of Coastal Alabama Community College is anticipated at the SACSCOC December 2017 Annual Meeting. Normal inquiries about Coastal Alabama Community College, such as admission requirements, financial aid, educational programs, etc., should be addressed directly to Coastal Alabama Community College and not the Commission's office.

# COMMUNITY

**(NEW)**

## Government Enlightenment

6 Contact Hours

**\$20**

Instructor: Bob Gentle

Course Overview: Why do we have Federal, State, County and Local Governments and how do they work together? We also have neighborhood Covenants and even attempts of a "World Order".

Thus a course on Politics and Government will be offered for a non-partisan discussion into how our lives are affected every day, both in structure and media. It is intended to be informative, interactive and fun. There will be three (2 hour) sessions and homework to compare media coverage by various outlets. The approach will have some history, but mostly current "enlightenment".

## ACT WORKSHOPS

### ACT Math Foundations

9 Contact Hours

**\$100**

Instructor: Lindsay Abeln

Course Overview: This course will cover the arithmetic, basic algebra, and basic geometry skills students need to be successful of the ACT. The ACT and other standardized tests have a heavy focus on word problems, causing even strong math students difficulty. This course will focus on evaluating word problems and determining the steps required to solve them. Major concepts covered include sequences, percent, probability, basic equations, and geometric figures. In addition to basic problems to teach the skills, students will be provided problems from official ACTs in each category to practice applying the skills. After this course, students will have an understanding of how to interpret and solve word problems.
